

****Adobe Connect 8**** **Starting Your Webcam**

The instructions below provide you instructions for starting your Webcam.

To start your Webcam:

- a. Log into **Adobe Connect**. The **Adobe Connect** homepage is displayed.
- b. Click **Meetings** on the top menu. A list of your meetings displays.
Note: This is not the same as the Meeting button.
- c. Click the link for your meeting. The **Meeting Information** page displays.
- d. Click the **Enter Meeting Room** button. The meeting begins to load.
- e. Click the **Start My Webcam** button in the **Video** pod on the right. An **Adobe Flash Player Settings** dialog box appears.
- f. Click **Allow** in the **Adobe Flash Player Settings** dialog box. Your webcam is enabled.
