

**\*\*Adobe Connect 8\*\***  
**Enabling Attendees to Share Their Screen**

The **Adobe Connect** meeting environment allows you to enable attendees to share their screen. The following instructions will enable you to make requests to attendees for screen sharing.

**To enable attendees to share their screen:**

- a. Click the name of the attendee in the **Attendee Pod**. A menu is displayed.
- b. Click the **Request Screen Share** option on the displayed menu. The attendee will receive your request, decide what to share, and give you control of their computer.
